### Spread Your Wings with Wingman Art Project at New Fairfield Middle School

Dylan's Wings of Change, The Spread Your Wings Project and New Fairfield School District are joining forces to bring social and emotional learning through a community arts project, a huge pair of beautiful Angel Wings that will be installed permanently at New Fairfield Middle School.

*Spread Your Wings with Wingman* unites the students of New Fairfield to paint hundreds of individual and unique canvas feathers. New York artist Elizabeth Bryan-Jacobs will integrate the painted feathers into a beautiful, professionally completed, large-scale Angel Wing wall sculpture.

### About Us

**Dylan's Wings of Change** is a foundation dedicated to the memory of Dylan Hockley, who was killed in the shootings at Sandy Hook Elementary in December 2012. We established Wingman, a youth-led social and emotional learning program to create strong, inclusive communities and counter the epidemic of social isolation sweeping our country today.

**The Spread Your Wings Project** was founded as an uplifting response to the numerous challenges and tragedies we face today. Our mission is to unite families and communities across the nation by sharing the joyful, healing benefits of Art and Art Therapy.
